

Sponsoring

The meeting will be supported with approximately 8,000,- Euro by the following companies:
Bracco Imaging Deutschland GmbH,
Cook Medical, Gore, Philips Healthcare,
Samsung, Siemens Healthineers

Venue

Ludwig Maximilians University Munich
Hospital Großhadern, G12
Marchioninstraße 15
D-81377 Munich, Germany

Registration

Registration fee: 100,- Euro

Contrast Enhanced Ultrasound and Endovascular Aortic Repair 2019

MUNICH, May 16th, 2019
09:00–18:00

10. International Workshop on CEUS and EVAR

Chairman

Prof. Dr. med. Dr. h.c. (TSM-Uni.) Dirk-André Clevert

Professor of Radiology, Department of Clinical Radiology, Interdisciplinary Ultrasound-Center, University of Munich, Germany

Faculty

Dr. med. Ramin Banafsche, Department for Vascular Surgery, University of Munich, Germany

Dr. med. Silke Brunkwall, Department of Vascular Surgery, University of Cologne, Cologne, Germany

Dr. med. Adrian Curta, Department of Clinical Radiology, University of Munich, Germany

Dr. rer. nat. Christian Greis, Bracco Imaging Deutschland GmbH

Dr. med. Reinhard Kopp, Department for Vascular Surgery, Universitäres Herzzentrum Zürich, Universitäts Spital Zürich, Switzerland

Priv.-Doz. Dr. med. Georgios Meimarakis, Department for Vascular Surgery, Klinikum Landshut, Munich, Germany

Prof. Dr. med. Jens Rieke, Chairman Department of Clinical Radiology, University of Munich, Germany

Prof. Dr. med. Nikolaos Tsilimparis, Department for Vascular Surgery, University of Munich, Munich, Germany

Prof. Dr. med. Marcus Treitl, Department of Clinical Radiology, University of Munich, Germany

Priv.-Doz. Dr. med. Rolf Weidenhagen, Department for Vascular Surgery, Klinikum Neuperlach, Munich, Germany

| | | |
|---------------|--|--------------------------|
| 09:00 – 09:15 | Opening remarks | J. Rieke / D. A. Clevert |
| 09:15 – 09:45 | Basis and principles of enhanced ultrasound | C. Greis |
| 09:45 – 10:15 | Role of CEUS in imaging pathology of the abdominal aorta | D.A. Clevert |
| 10:15 – 10:45 | Indications and outcome after endovascular versus open abdominal aneurysm repair and recommendations for follow up examinations after EVAR | G. Meimarakis |
| 10:45 – 11:15 | Endovascular abdominal stent placement and overview of different types of aortic stentgrafts | R. Weidenhagen |
| 11:15 – 11:45 | Classifications of Endoleak and follow up after EVAR with CEUS | D.A. Clevert |
| 11:45 – 12:15 | CEUS in EVAR, practices of daily life | S. Brunkwall |
| 12:15 – 13:00 | Lunch | |
| 13:00 – 13:30 | Clinical cases, televoting, discussion | |

| | | |
|---------------|--|----------------|
| 13:30 – 14:00 | Comparison between CTA and CEUS for endoleaks | A. Curta |
| 14:00 – 14:30 | EVAR using intraoperative CEUS | R. Kopp |
| 14:30 – 15:00 | Advanced endovascular techniques in challenging aortic necks | N. Tsilimparis |
| 15:00 – 15:30 | Coffee Break | |
| 15:30 – 16:00 | Interventional managing of complications after EVAR | M. Treitl |
| 16:00 – 16:30 | Interventional managing of complications after EVAR with the aid of CEUS | D.A. Clevert |
| 16:30 – 17:00 | Live examination in the follow up after EVAR | D.A. Clevert |
| 17:00 – 17:30 | Challenging aortic endografts in the fenestrated and multi-branch era – complex and multistage cases and implications for surveillance | R. Banafsche |
| 17:30 – 17:45 | Difficult and rare vascular cases with CEUS | D.A. Clevert |
| 17:45 – 18:00 | Questions and closing of the session | |
